CAREER OBJECTIVE

To seek a career opportunity in a reputed and well-established organization where I can explore my skills and knowledge for organizational and personal growth. I am looking for an environment that fosters continuous learning, constant growth, dedicated contribution, and significant achievement along with the organization. Additionally, I am eager to apply my problem-solving skills to contribute effectively to the success of the team and the overall objectives of the organization.

Kalasalingam Academy of Research and Education, Madhurai

B.Tech Civil Engineering 05/2023, 7.62 cgpa

Narayana Junior Collage, Kurnool

Board of intermediate education 04/2019, 9.25 cgpa

PROJECTS

E-commerce website (<https://frontend-kappa-three-37.vercel.app/>) 🔗

- Developed a responsive e-commerce website using **HTML, CSS, Tailwind CSS, JavaScript, React.js, Express.js, and MongoDB**. Key features include:
- **Product Listing and Details:** Displayed a catalog of products with detailed information, including images, descriptions, prices, and availability, allowing users to browse and select items easily.
- **Add to Cart and Order Placement:** Users can add products to the cart and place orders, with order details stored in the database.
- **User Authentication:** Secure login and registration functionality.
- **Search and Filter Functionality:** Implemented a search bar for users to quickly find products and added filters to refine results based on categories and price ranges for a more personalized shopping experience.
- **Email Notifications:** Automated emails sent to users and admin for order confirmations.

Moive-Website (<https://github.com/Kumarrayal123/movie-project.git>) 🔗

- **User Authentication:** Upon signing up, user data is securely stored in the local store. Successful login redirects users to the homepage for seamless navigation.
- **Homepage Features:** Includes a dynamic navigation bar with buttons for **Movies, Shows, More**, and a search function for quick access
- **Section Navigation:** Users can effortlessly navigate to the **Movie, Show, and More** sections from the homepage.
- **Poster Details and Interactivity:** Each section displays visually appealing posters with detailed descriptions. Every poster includes a **Watch Promo** button, allowing users to instantly view promotional content.

E-commerce Template 🔗

- The React.js e-commerce template features a Navbar with navigation links, search, cart, and profile options. It includes sections for product categories, offers, trending items, and a Footer with links, social icons, and a newsletter signup, all in a responsive design
